Twitter Card &
Image Use

Capture your candidate's attention

with eye-catching, full-width images and job descriptions that pop from the text stream.

Boost your brand visibility and engagement

through optimized, dynamic tweets that allow for maximum display of clickable logos, photos, and text that always link back to you and your job page.

Get the works, without any heavy lifting.

Pulling job data straight from your ATS or career site, CareerArc ensures the optimized and automated delivery of your jobs on Twitter while requiring minimal setup and zero added steps to the job posting process.
